PROFILE

UI/UX Designer with hands-on experience creating responsive web and mobile products across SaaS, fintech, AI, healthcare and Web3. Skilled in Figma, wireframing, user flows, prototyping, usability testing and design systems, with working knowledge of HTML/CSS. Experienced in translating stakeholder requirements and research findings into practical product improvements, collaborating with developers through implementation, and designing complex dashboards and multi-step digital journeys. Starting an MSc User Experience Design at the University of Brighton in September 2026 and seeking a part-time UI/UX or Product Design role alongside postgraduate study.

CORE SKILLS AND COMPETENCES

UI/UX Design	Figma, Wireframing, High-Fidelity UI, Interactive Prototyping, Responsive & Mobile Design, Auto Layout, Components, Design Systems, Design Tokens
UX Research	User Flows, Information Architecture, User Interviews, Usability Testing, Journey Mapping, UX Benchmarking, A/B Evaluation, Research Synthesis, Accessibility (WCAG)
Tools & Technical	Figma, FigJam, Miro, Framer, Adobe XD, Photoshop, Illustrator, Canva, HTML, CSS, Git, Google Analytics, Notion, Microsoft 365
Ways of Working	Agile Collaboration, Requirements Gathering, Stakeholder Communication, Developer Handoff, Design Documentation, Product Thinking, Design Reviews

RELEVANT EXPERIENCE

UI/UX Designer | Kremor AI **Jun 2024 – July 2026**
Part-Time, Remote Lagos Nigeria.

- Created user flows, interface concepts and high-fidelity Figma prototypes for AI-driven product features.
- Supported product discovery by translating stakeholder requirements and usability findings into practical design improvements.
- Maintained design-system components, documentation and handoff specifications for front-end implementation.
- Evaluated 96+ complex AI interaction tasks to identify usability patterns and improve internal design workflows.

UI/UX Designer | BIZINC **Apr 2024 - May 2026**
Remote, Atlanta Georgia, US

- Designed responsive user journeys, sitemaps, wireframes and interface concepts for SaaS, e-commerce and booking products.
- Built reusable Figma components using Auto Layout, variants and design tokens to improve consistency across screens.
- Worked with stakeholders to translate business requirements into clear, user-friendly design solutions.
- Contributed to dashboard and lead-generation experiences associated with a **45%** improvement in user activation.

UI/UX Designer & Front-End Developer | ITSS - Vista Fintech & Morabahah Bank **May 2020 - Apr 2024**
Remote, Geneva Switzerland.

- Supported onboarding, identity-verification, dashboard and transaction journeys for digital banking products.
- Created responsive interface designs across four localised market subsidiaries while considering accessibility and regulatory requirements.
- Collaborated with product and engineering teams to refine requirements and deliver implementation-ready designs.
- Used HTML/CSS knowledge to review front-end builds and help maintain responsive, pixel-accurate interfaces; received the Best Intern Award for contributions to Vista.

SELECTED UI/UX PROJECTS

Chalant AI - Workflow Automation Engine | *View project*
Led end-to-end product design, from research and journey mapping through interaction design, UI and prototyping, simplifying complex multi-step AI automation workflows.

Shortlet Lagos - Property Booking Platform | *View project*
Owned end-to-end UX/UI design and research for property discovery, search, filtering and booking journeys within a reusable responsive design system.

Mintrise - Web3 Investment Flow
Owned and created end-to-end high-fidelity prototypes and clear onboarding and transaction flows for an investment product.

Arete - Digital Healthcare & Telemedicine Platform | *View project*
Designed the end-to-end healthcare experience across research, information architecture, user flows, UX writing, UI design, design systems and prototyping, connecting consultations, HMO coverage, prescriptions and pharmacy fulfilment.

Kremor AI - AI Fashion Experience
Designed role-based product experiences for an AI-powered African fashion platform, supporting artisan/admin workflows and AI-assisted custom outfit journeys.

SELECTED ACHIEVEMENTS

- Best Intern Award - ITSS / Vista project.
- Top 10 Finalist - Synergy Africa Design Quest (2023).
- Designed and contributed to 15+ digital products across fintech, SaaS, AI, healthcare, Web3 and e-commerce.
- Designed multiple role-based admin, analytics and data dashboards for complex digital products.

EDUCATION

MSc User Experience Design	University of Brighton, UK	Starting Sep 2026 | Expected 2028
BSc (Hons) Physics	Federal University Dutsin-Ma, Nigeria	Aug 2018 - Jan 2023

Relevant BSc study: Mathematical Modelling, Statistical Analysis, Experimental Design and Systems Thinking

CERTIFICATIONS

User Interface & UX Design - Great Learning | Front-End Development (HTML/CSS) - Great Learning | Building AI Apps & Voice Automation Workflows - Udemy | Diploma in Computer Utilization

TOOLS & PRODUCT PRACTICE

Design: Figma (Auto Layout, Components, Variables), FigJam, Framer, Adobe XD, Photoshop, Illustrator, Canva
Collaboration: Jira, Teams, Slack, Notion, Git, Microsoft 365
Web: HTML, CSS, basic JavaScript, responsive implementation awareness
AI-assisted workflow: ChatGPT, Claude, Figma AI, Framer AI, Lovable
